25X1

1. All foot crossing points between East Berlin and the Soviet Zone in the Bernau area have been closed. Main highways remain open, subject to strict control. The controls are posted on routes to the S-Bahn stations as well as on the S-Bahn in the Soviet Zone.
2. Minor roads in the Bernau border area have been sealed. The residents expect that they will be evacuated.
3. As of midnight 3 February, the green uniformed police, presumably the Grenzpolizei, were to have replaced the regular blue uniformed police. The latter are being sent out of Berlin.

25X1

Comment: It is possible that the blue uniformed police is being withdrawn from the city for guard duty around the entire periphery of Berlin.

25X1

Comment:  This action may not necessarily be a general one, but only of a temporary nature or one applied locally in the Bernau area. The replacement of the regular police by the border police in the city of Berlin does not appear likely and any action leading  to such a conclusion may only imply a local re-disposition of police forces.
